NO default rule is in effect. If team you are playing has 4 and one team has 2, the team with 4 will give up one to play 3 a side
If one team has 3 and the other only has 2 go to the team on the right and get one player from them if they have 4
If both teams to the right has 4 then flip a coin to see which team will give up a player. Keep going to the right till you find a team with 4
